

TULSA, OKLAHOMA
PH: 918.438.4330 www.ozarktulsa.com

LASER CUTTING

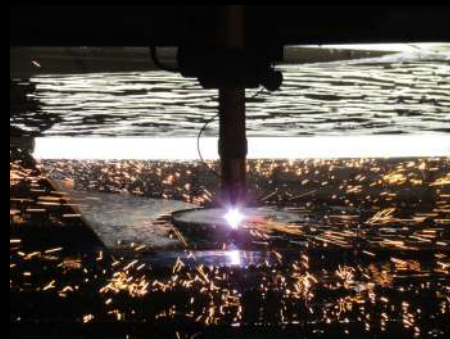

Multiple CO₂ and Fiber lasers up to 120" x 240" capacity

Heavy Plate Burning

Multi-torch Oxy-Fuel machines up to 12' x 45' x 8" thick

PLASMA CUTTING

Multiple Plasma cutting & beveling machines up to 14' x 120'

DRILLING & MACHINING

10' x 10' Vertical Machining Center

FORMING & ROLLING

Hydraulic CNC press brakes up to 60' x 1200 ton capacity
Hydraulic plate rolling up to 1/2" x 10' long

PROCESSING **S**OLUTIONS... **P**RICELESS **S**ERVICE.

PROCESSING CAPABILITIES

OXY-FUEL PLATE CUTTING:

Multiple CNC multi-torch oxyfuel machines with carbon steel cutting capacities up to 8" thick x 12' wide x 45' long

PLASMA PLATE CUTTING:

Multiple CNC HD-Plasma cutting machines with plasma capacity up to 2 1/2" carbon, 2" stainless and 1 1/2" aluminum. Our plasma tables are 12' x 45', 10' x 80', 12' x 55', & 14' x 120' water table and downdraft cutting environments with true-hole HD cutting technology.

PLASMA PLATE BEVELING:

State of the art, Alltra Plasma beveling machine with Hypertherm HPR400 to produce finished precision bevels on plasma cut parts up to 10' x 45'.

LASER PLATE CUTTING:

TRUMPF 60" X 120" 4000 WATT FIBER LASER WITH PALLET CHANGER, MITSUBISHI 60" X 120" 6000 WATT CO2 LASER WITH PALLET CHANGER and MITSUBISHI 120" X 240" 4500 WATT LASER WITH PALLET CHANGER. We have laser capacity up to 7/8" thick carbon steel, and 3/4" thick stainless steel, plus with our fiber laser can process brass and copper with laser precision.

BRAKING AND FORMING:

Production press brakes, including:

10' x 200 ton

12' x 175 ton (CNC)

14' x 175 ton (CNC)

16' x 400 ton (CNC)

20' x 400 ton (CNC)

20' x 600 ton

40' x 600 ton

60' x 1200 ton

10' sheet metal folding machine

PLATE ROLLING:

1/2" X 120" 4-ROLL PLATE ROLL- CYLINDERS UP TO 140" OD

DRILLING AND MACHINING:

QUICKMILL 10' X 10' VERTICAL CNC MACHINING CENTER

PNEUMATIC TAPPING MACHINE

VERTICAL AND MAGNETIC DRILL PRESSES

MATERIAL INVENTORY:

2000 TONS WORKING PLATE INVENTORY GRADES INCLUDING:

A36 *A572 * A516 * A514 * A871 * A588 * A633 *GALVANNEAL *AR *304/310/316 STAINLESS * 5052/6061 ALUMINUM

(*All laser product inventories are stored indoors)

MATERIAL HANDLING AND LOGISTICS:

Material Handling Forklifts up to 30K lbs / Crane capacity up to 30 Ton.

Delivery trucks and trailers

110,000 SQ. FT UNDER ROOF MFG. SPACE

12 ACRES YARD/ LAYDOWN SPACE
